

Configuration #1

Medusa Base Board

Medusa RF Front End

Options:

- Individual Board Set(s)
- Board(s) w/ individual Chassis
- System, 2 boards w/ Chassis
- 4 sticks
- 8 sticks

Notes:

- Useful for folks who want to use their own mixer
- Reduced number of sma bulkhead connectors
- RF board is still useful to folks not interested in Medusa but who may be interested in boards capability
- GPIO control of filters/attn function is unique
